INTUITIONISTIC FUZZY UNIVERSAL ALGEBRAS WITH TRIANGULAR NORMS

SINEM TARSUSLU(YILMAZ) AND GÖKHAN ÇUVALCIOĞLU

ABSTRACT

The new concept of an intuitionistic fuzzy universal algebra is introduced using t-norms and t-conorms. Some basic properties are proved. Intuitionistic fuzzy congruence relations with respect to t-norms and t-conorms on (T, S) -intuitionistic fuzzy universal algebra are examined.
